Tom Hagler and I had a meeting with Bay Institute and NRDC on February 14th 2012 regarding EPA's role in the Bay Delta Conservation Plan (BDCP) EIS/EIR and the San Joaquin River Restoration EIS.

Subject: Have you had meetings with any NGOs in the past 3 years?

EROvians -

ORC has requested our assistance in responding to an inquiry from HQ regarding Regional interactions with non-governmental organizations. If you have had any meetings with NGOs in the past three years, please provide me with the following information to the best of your ability: the date(s) of the meeting(s), the name of the NGO, and the purpose of the meeting. If you do not recall or do not have readily available the specific dates of such meetings, just give me an estimate, e.g., I've met once or twice with NRDC to hear their ideas regarding mitigation of impacts from solar projects in the Mojave Desert.

Thanks -  
-Kathy
